PREFERS OPEN CAR.

EDITOR BULLETIN:—
I am one of those who believe in
the Oahu Railway, and admire the
persevering energy of the man who
has made it a fact. I am one of
those, too, who show appreciation
by patronage, whenever convenient.
After this little preface, I would
through your columns respectfully
suggest to the management that on
Sundays, when the weather is fine,
an open car be attached to the others,
at first or second class fare. I for
one would prefer, in agreeable
weather, to pay the highest fare for
the open car; and I have heard
others, ladies as well as gentlemen,
say the same.

A FREQUENT PASSENGER.

A serious condition on the borders
of Kansas is reported, growing out
of the bringing of cattle which are
declared to be suffering from infec-
tious diseases into the State. Secret
organizations have been formed and
four stockmen have been killed so
far. There is a veritable reign of
assassination, some of the deaths
being of a cruel, bloodthirsty char-
acter.

THE LEGISLATURE.

FIFTY-FIRST DAY.

MONDAY, Aug. 11.
The House opened at 10 o'clock
with prayer by Rev. J. Weisman,
Chaplain. Minutes were read by
Secretary Chas. Wilcox and Inter-
preter W. L. Wilcox.

PETITIONS.

Rep. Lucas presented a petition
from T. A. Lloyd, for \$50 salary
due him as road supervisor of Kona,
Oahu, for April, 1889. Minister of
the Interior.

Rep. Kaneali—From Waiaina, that
the present Constitution be abol-
ished. Judiciary committee. That
a law be passed authorizing a con-
stitutional convention. Laid on
table to await bill.

Rep. Kaneali—from Hana, that the
law providing for assessors-in-chief
be repealed. Laid on table to be
considered with bill. From the
same place, that the clergy of every
denomination be allowed to give
school children instruction in school
hours not to exceed an hour a day.

Education committee. From the
same place, that Kipahulu, Kaupo,
and Kahikini be made a judicial
district. Judiciary committee.

Noble Pua—from Kalaupapa, that
Mr. Durand be appointed resident
superintendent of the leper settle-
ment. Sanitary committee.

REPORTS OF COMMITTEES.

Rep. Kalua presented the majority
report of the Judiciary committee
on Rep. Cummings' bill to provide
for the annulment of the marriage
contract when one of the parties has
taken Chinese leprosy. They re-
commended that the bill pass. The
minority—A. Rosa and Jos. Nwaili
—found that the judicial authority
is sufficient for the purpose, and re-
commended that the bill be rejected.
Both reports laid on the table to be
considered with the bill.

The same committee by majority
reported on Noble Cornwell's bill
for quieting titles, etc., recommend-
ing the bill pass.

Rep. Brown moved the report be
adopted. The bill would enable a
person to make application to a
judge for adjudicating on a title
without waiting for an adjournment
suit and jury trial. It would save
expenses. A similar law was in ex-
istence in most of the States of the
American Union.

Rep. Nawahi moved it be laid on
the table to await the minority re-
port. Carried.

Rep. Cummings presented the re-
port of the public lands committee,
on petition that growths on Govern-
ment lands be free to the people.
They recommended that the prayer be
granted.

Laid on the table, on motion of
Minister Brown.

The same committee reported on
resolution to have flumes at Kalihii
valley repaired, recommending that
the amount be paid out of the ap-
propriation for repairs in Honolulu.
Laid on the table.

Noble Muller presented the report
of the commerce committee on the
petition to repeal the law relating to
the shipping of Hawaiian seamen. They
had prepared a new bill, which they
recommended shall pass to engross-
ment.

Accepted, to be considered with
the bill.

Rep. Cummings presented the re-
port of the public lands committee,
on petitions for the extension of the
road from Smith's bridge to Liliha
street, for a street from Liliha street
to Nuuanu street, and for the exten-
sion of Liliha street. They recom-
mended that the works be constructed
by the Minister of the Interior out
of the general fund for roads and
bridges, Oahu. Laid on the table.

Rep. Rosa presented the report
of the committee on enrollment, on
the bill to provide for a bureau of
education of Hawaiian youths ab-
road. They had harmonized the
different versions, and recommend-
ed that the bill take its course.

ADOPTED.

Noble Widemann presented the
report of the special committee on a
resolution to have all sources of wa-
ter supply investigated. They re-
commended that \$6000 be appropri-
ated for the purpose, and that the
Minister of the Interior employ a
competent man, as soon as one can
be got, to supervise the work.

ADOPTED.

Minister Brown presented an an-
swer to the resolution of Noble
Widemann, for a return of liquors
exported on whaling and trading
vessels. The quantity was 776 4-15
gallons, divided among 26 vessels,
and shipped by F. Brown, F. A.
Schaefer & Co., W. S. Luce, G. W.
Macfarlane & Co., H. Hackfeld &
Co., and W. C. Peacock & Co.

Laid on the table for information

of members.

Civil Code, in regard to the whole-
sale business. Also, a bill to regu-
late the introduction of labor for
agricultural purposes.

by title a bill to amend Sec. 5, Chap.
67, Laws of 1888, relating to spiri-
tuous liquors. Also, a bill to pro-
vide a permanent settlement for
Queen Kaiulani.

Noble Burchardt read a first time
by title a bill to amend Sec. 3,
Chap. 45, Laws of 1884, relating to
homesteads.

Rep. Halstead read a first time by
title a bill to amend Secs. 12 and 13,

Chap. 35, Laws of 1889, relating

to pounds, estrays, and marks.
Rep. Marques gave notice of a
bill to abolish the office of assessor-
in-chief.

Rep. R. W. Wilcox presented a
question to the Minister of Finance,
as to the quantity of rifles, small
arms, etc., imported from Jan. 1,
1887, to Jan. 1, 1890, and to whom
the articles belong.

Rep. Bush gave notice of a bill to
amend the laws relating to Crown
lands.

Rep. Kahookano presented a re-
solution for \$6 to refund taxes to a
certain person. Referred to Minis-
ter of Finance.

Noble Phillips gave notice of bills
—to amend Articles 47 and 59 of
the Constitution, to amend the natu-
ralization law, and to amend the
law relating to Chinese immigration.

Rep. Waipulani presented a ques-
tion to the Minister of Finance, if
the Board of Health had some time
since paid the passage of a Govern-
ment physician to the country, who
is the physician, and what relation
is he to any member of the Board
of Health.

Rep. White gave notice of a bill
to repeal the law providing for road
boards, and to re-enact the laws re-
pealed by that law.

Noble Widemann gave notice of a
bill to amend the election law.

ORDER OF THE DAY.

The House resolved itself into
committee of the whole, Rep. Kahoo-
kano in the chair, for the considera-
tion of the Appropriation Bill.

Bureau of Public Instruction, con-
tinued.
Support of English, Hawaiian,
and Common schools, \$170,000.

Minister Brown renewed his mo-
tion of the previous sitting, to make
it \$190,000.

Minister Cummings renewed his
motion for \$200,000.

Rep. R. W. Wilcox moved it pass
at \$180,000 for the purpose in the
bill, and \$20,000 for aid to indepen-
dent schools.

Rep. Kalua believed in appropri-
ating plenty money for education,
also for the health of the people.
When he was school agent he re-
commended the removal of certain
teachers, but the Board paid no at-
tention to his communication. He
was glad now to see that a better
class of teachers was being employ-
ed. He moved to recommend that
the item be referred to a select com-
mittee.

Noble Horner had been in hopes
that the motion of the Minister of
Finance for \$190,000 would have
passed without discussion. It was
an important item and ought not to
be trifled with, or the money might
be diverted from its legitimate ob-
ject. The object of the item was
the support of Government schools,
and it should not be divided among
religious or irreligious schools.

Children were to be taught good
morals in the Government schools,
that is, they were not to lie, steal,
murder, or take the name of God in
vain. They were not to be in-
structed that John Wesley or Mar-
tin Luther were or were not heretics,
that Joe Smith was or was not a
false prophet, or that the Pope is
fallible or infallible. They were to
be taught facts, such as that two
and two make four. They were to
be enabled to grow up as compan-
ions without enmity toward each
other on the ground of religious
differences. Government schools
united the people, religious schools
divided them. Religious wars were
the most cruel in history.

Noble Muller called the speaker
to order, saying religion was not be-
fore the committee.

Noble Horner claimed that the re-
ligious question was imported into
the discussion by the amendments
offered to devote a portion of the
item to religious schools. He con-
cluded by arguing that the common
schools promoted harmony among
the people.

Rep. White spoke of the discrimi-
nation against Hawaiian teachers.
German teachers had an English
accent as poor as Hawaiians, but
they were paid higher salaries be-
cause their skins were white. He
was ashamed the other day to hear
a member born in the country re-
peating the arguments of the Board
of Education in favor of such dis-
crimination. Injustice was further
done Hawaiian teachers by making
their salaries monthly, so that their
pay stopped in vacations, while that
of foreign teachers went on because
they were hired by the year. This
was the time to deal with the mat-
ter, as the Board would not listen to
complaints after the Legislature was
prorogued. The matter should go
to a select committee. If the com-
mittee of the whole did not agree to
this, he would be one to occupy the
whole day with the discussion.

RECESS FROM 12 TO 1:30.

KAMEHAMEHA SCHOOL.

During vacation at Kamehameha
School, a new and enlarged work-
shop has been built. A 20-horse-
power engine and a 25-horsepower
boiler are just being finished at the
Honolulu Iron Works, and the ma-
chinery in the shops hereafter will
be run by steam power. New ma-
chinery is on the way from the
States which will probably be set up
and in running order when the term
begins September 1. Hawaiian boys
are to be congratulated on the facili-
ties afforded them at Kamehameha
School.
